Dr P.P. Dhyani, the Director G.B. Pant Institute of Himalayan Environment and Development (GBPIHED), Kosi-Katarmal, Almora, is a plant eco-physiologist by training. Over the years, he has developed scientific expertise in the field of eco-physiology, restoration ecology and conservation biology. His approach of blending science with religion for participatory restoration of degraded land has been acclaimed globally. He has 155 research publications, including 5 books and 1 monograph, to his credit. Dr Dhyani has 33 years' research experience; he has participated in 231 national and international conferences/symposia /workshops in many countries of the world including Germany, Japan, China and America. Based on his outstanding contribution in the arena of scientific research, Dr Dhyani, in 2009, was named as one of the 'Leading Scientists of the World' and 'Top 100 Scientists of the World' by the International Biographical Centre (IBC), Cambridge, United Kingdom (UK). In 2009, he was also honored by the 'Bharat Excellence Award' by the Friendship Forum of India (FFI), New Delhi. In 2010, he was awarded by the 'Gold Medal' by the Indian Academy of Environmental Sciences (IAES), Hardwar, Uttarakhand. In 2012, Dr Dhyani was conferred by the 'Gold Medal for India' and 'Award of Excellence' by the American Biographical Institute (ABI), North Carolina, United States of America (USA). Dr Dhyani has been listed in various global documents including 24 national and international biographical directories based on his outstanding contribution in the field of science and society. He is the Fellow of the National Institute of Ecology (FNIE), Indian Academy of Environmental Sciences (FIAES) and Indian Botanical Society (FBS).
